

SCRUM Meeting 9 for Project 3

Prepared by: Nathan Cornelius

Meeting Date: 11/25

Meeting Attendees

1. Nathan Cornelius
2. Anthony Huang
3. Carson Coen
4. Nick Truong
5. Ethan Ghoreishi

Meeting Agenda Items

- Get everything split up to have everything done for the final presentation next week.
- Ensure we have everything updated once again in github and Jira.

Status Update Since Last Meeting

Accomplishments:

- Last little refinements and fixing the issues that were discovered in the expert panel.

Tasks Completed:

Task Description	Assigned to	Completed? (yes/no)
Manager View	Nathan and Anthony	No (90%)
Work on chatbot dataset	Anthony	No (60%)
Adjust transaction labels in cashier view	Carson	Yes
Customer View	Nick	Yes

Before The Next Meeting

Plans:

- While this is technically the last meeting we should have everything done and meet for a final system run through.
- Everyone should run through and double check that everything is working without any error.

Task Assignments:

Task Description	Assigned to
more manager view tasks	Nathan and Anthony
Finished all chatbot implementations and testing	Anthony
Add dynamic pricing to cashier view	Carson
Add dynamic pricing to drinks and appetizers	Nick
Overlook everything	Ethan

Minutes from Previous Meeting

Last meeting served as a meeting to regroup and get back on track once again. We are rapidly approaching the deadlines in which this project is going to wrap up and the last meeting fixed all the issues we were having. We also redivided the tasks and regrouped into partners to work together. It served as a check to get that all set up approaching the final stretch.
