

SCRUM Meeting 7 for Project 3

Prepared by: Nathan Cornelius

Meeting Date: 11/20

Meeting Attendees

1. Nathan Cornelius
2. Anthony Huang
3. Carson Coen
4. Nick Truong
5. Ethan Ghoreishi

Meeting Agenda Items

- Quickly ensure that everything is up to date across Jira, github, and the other forms of managing the project.
- Gather and get back on track with everything making sure that we are on the same page going forward.
- The tasks that are not done split between everyone so that we all still have something to do.

Status Update Since Last Meeting

Accomplishments:

- Shopping Cart functionality has been completed
- Chatbot and google authentication requirements have been completed

Tasks Completed:

Task Description	Assigned to	Completed? (yes/no)
Finished Shopping Cart Functionality	Nick	Yes
Chatbot	Anthony	Yes

Google authentication	Ethan	Yes
-----------------------	-------	-----

Before The Next Meeting

Plans:

- The remaining tasks need to be completed at some level by the next scrum meeting.

Task Assignments:

Task Description	Assigned to
Complete Expert Panel Report	Everyone
Implement dynamic pricing	Ethan
Add a la Carte to Customer View	Nick
Change pricing to connect to database in the cashier view	Carson
Implement Manager view	Nathan and Anthony

Minutes from Previous Meeting

In the previous meeting we broke down the remaining tasks between everyone and ensured that things were getting done. We also had to inform everyone of what was going on in our other classes so that we could effectively manage our time as the project starts to wind down. This allowed us to set realistic expectations for the remainder of the project.
